Recycled PMMA

**A NEW ECO FRIENDLY RECYCLED MATERIAL**

A new, eco-friendly recycled material. Kartell is using recycled PMMA in its transparent products for the first time. This material is largely derived from the depolymerisation of plastic waste from various sources. It retains the aesthetic quality and structural strength of the pure new material. Its use gives industrial plastic waste a new lease of life and turns it into products that will stand the test of time as design icons.
